A healthy great lake and river is important to my family and me because we fish and boat in this area. We have a camp in Cape Vincent, New York. This area has declined significantly due to lower lake levels, fishing is much more poor than ever in the past. As a tax paying citizen with children and grandchildren, that I hope can enjoy this area, I strongly urge you to adopt the B+ plan. I would like to hear from you in writing to address my concerns.

Thank you,

Mrs Kathy Harris
