Dear Mr. Bevaqua,

I'm asking for your support  
of Plan B+'s immediate  
implementation.

I'm 55 years old and realize  
what my generation has done  
to the earth. It will be years  
before the environment will  
be healthy again and we  
have no time to spare.

Please adopt a firm deadline  
to implement Plan B+.

Sincerely,  
Colleen Mantel  
Rochester, NY
