I am writing you personally to ask that you consider adopting a firm deadline to implement Plan B+ to restore Lake Ontario and the Saint Lawrence River. A more natural water maintenance plan would greatly improve the wetlands along the waterways and begin to correct decades of erosion and wildlife reductions. Plan B+ would provide for a healthier and more balanced ecosystem for the environment and economy of all that use the waterway. I would welcome any response from you on this matter in writing. Thank you in advance for your attention on this matter.

Yours truly,

  
Peter Welling

Rochester, New York
